

SUMMER FLATS – ON TREND AND IN COMFORT

This summer the tone is flat... but, only for shoes of course!

Swap your heels for Espadrilles, Moccasins and Ballerinas and mix them with your best basics for a HOT summer look.

Espadrilles or moccasins - in black, funky colours or with flowers – are an easy match with skinny jeans or chinos. Complete the mix with a long white tee, big hand bag and Wayfarer's. Ballerinas are, of course, THE classic when you want to make it chic and efficient. Pair them with a light summer dress for a look that always works.
